

## How can ENS benefit you?

- Provides accurate licensure information
- Saves staff time
- Ensures organization protection via “real time” alerts
- Provides public protection via timely and critical nurse licensure information

## Efficiency

The North Carolina Board of Nursing ENS enables employers to monitor the status of nursing licenses. Available online, ENS provides important information in a timely manner.

**Receive “real time” alerts and license status changes every 15 minutes, 24/7.**

## Public Safety

Public safety is a high priority at ENS, evidenced by the “real time” alerts ENS provides. These alerts assist in the protection of subscribers and subscriber organizations. Immediate notification is provided for the following:

- License status
- Renewal date
- Disciplinary actions

*Employer Notification System is a subscription service offered solely by the North Carolina Board of Nursing. All rights are reserved.*

Hospitals, educational institutions, nursing homes, staffing agencies, and others can rely on ENS for verification of nursing license status.

*“The new system is working great for us. It makes my monthly checks seem so much easier.”*
