**APPROVAL OF STATUS CHANGES RELATED TO ANNUAL NCLEX RESULTS**

**ISSUE:** Non-compliance with National Council Licensure Examination (NCLEX) pass rates as required by APPROVAL OF NURSING PROGRAMS – STUDENTS 21 NCAC 36 .0320 (e). *The nursing program shall maintain a three-year average at or above 95 percent of the national pass rate for licensure level pass rate on first writing of the licensure examination for calendar years ending December 31.*

**BACKGROUND:**

For 2017-2019, the three-year average Registered Nurse (RN) national pass rate is 88%; 95% standard for NC is 84%.

For 2017-2019, the three-year average Practical Nurse (PN) national pass rate is 85%; 95% standard for NC is 81%.

The three-year average pass rate is calculated by dividing the total number of 1<sup>st</sup> time test passers (during the three-year period January 1, 2017 through December 31, 2019) by the total number of 1<sup>st</sup> time test takers.

The following program status' will be changed to Warning status. Key points of the nursing education program's improvement plan are posted with the Warning status. Board staff will conduct a focused review of the program. The following programs will be required to submit an improvement plan report, a comprehensive evaluation plan to the NCBON by March 1, 2020. The program has one year to return to compliance which will be January 1, 2021.

(c) Full Approval

(1) The Board shall review approved programs at least every eight years as specified in G.S. 90-171.40. Reviews of individual programs shall be conducted at shorter intervals upon request from the individual institution or as considered necessary by the Board. National accreditation self-study reports shall provide a basis for review of accredited programs.

(2) The Board shall send a written report of the review no more than 20 business days following the completion of the review process. Responses from a nursing education program regarding a review report or warning status as referenced in Paragraph (d) of this Rule shall be received in the Board office by the deadline date specified in the letter accompanying the report or notification of warning status. If no materials or documents are received by the specified deadline date, the Board shall act upon the findings in the review report and the testimony of the Board staff.

(3) If the Board finds a pattern of noncompliance with one or more rules in this Section, the Board may take action as outlined in Paragraph (b) of this Rule.

(d) Warning Status

(1) If the Board finds that a program is not complying with the rules in this Section, the Board shall assign the program warning status and shall give written notice by certified mail to the program specifying:

(A) the areas in which there is noncompliance;

(B) the date by which the program must comply with the rules in this Section. The maximum time for compliance shall be two years after issuance of the written notice; and

(C) the opportunity to schedule a hearing. Any request for a hearing regarding the program warning status shall be submitted to the Board. A hearing shall be afforded pursuant to the provisions of G.S. 150B, Article 3A.

(2) On or before the required date of compliance specified in Part (d)(1)(B) of this Rule if the Board determines that the program is complying with the rules in this Section, the Board shall assign the program full approval status.

(3) If the Board finds the program is not in compliance with the rules in this Section by the date specified in Part (d)(1)(B) of this Rule, the program shall remain on warning status, a review by the Board shall be conducted during that time and the Board shall either:

(A) continue the program on warning status; or

(B) withdraw approval, constituting a program closure consistent with Subparagraph (c)(3) of this Rule.

---

**RECOMMENDATION:**

Board staff recommend Warning status for one additional year. The 2019 current single year pass rate is 88, which is slightly improved from the 2018 single year pass rate of 79.

The program has one year to return to compliance which will be January 1, 2021.

## JOINT POSITION STATEMENT

### North Carolina Board of Nursing and Office of Emergency Medical Services

#### ALTERNATIVE PRACTICE SETTINGS FOR EMS PERSONNEL (Previously referred to as “Non-Traditional Practice Settings for EMS Personnel”)

G.S. 143-508(d)(7) gives the North Carolina Medical Care Commission the responsibility and authority to establish rules which “define the practice settings of credentialed emergency medical services personnel.” The rule defining these practices is found in 10A NCAC 13P .0506. The purpose of this legislation and associated rules was to expand the potential practice settings for EMS personnel beyond the traditional one of the field ambulance. This expansion has since created the dual advantage of providing alternative career paths for EMS personnel and helping to alleviate shortages of properly trained and credentialed personnel in various roles with the health care system.

Since the initial period of implementation in 2007 and continuing thereafter, the North Carolina Board of Nursing and Office of Emergency Medical Services have worked collaboratively to ensure the success of expanding the practice settings for EMS personnel while assuring that patients throughout the health care system are well served. The purpose of this joint statement is to provide guidance for health care entities interested in developing alternative practice settings, as well as clarifying EMS and nursing personnel roles and responsibilities in these settings

Rule [10A NCAC 13P .0506] clearly states that EMS personnel may function in the listed practice settings “in accordance with the protocols approved by the medical director of the EMS System or Specialty Care Transport Program (SCTP) with which they are affiliated, and by the OEMS.” Neither the law nor the rule intends to allow EMS personnel to practice independently. Practice settings affiliated with an EMS System or SCTP must:

- be approved as part of an EMS System Plan [10A NCAC 13P .0201(a)(6)];
- be covered by patient care protocols for the practice setting per [10A NCAC 13P .0405] or SCTP [10A NCAC 13P .0406] or protocols specific to the alternative practice setting approved by the medical director for the EMS system or SCTP, and approved by the OEMS Medical Director; and
- restrict EMS personnel to performing within the scope of practice defined by the North Carolina Medical Board pursuant to G.S. 143-514 [10A NCAC 13P .0405 or .0406] for the individual’s level of credential.

Rule [10A NCAC 13P .0506] further states that EMS personnel functioning in an alternative practice setting that is not affiliated with an EMS System shall be:

- under the medical oversight of a physician licensed by the North Carolina Medical Board that is associated with the practice setting where the EMS personnel will function. (Note: the physician may delegate aspects of oversight to advanced practice providers [i.e., nurse practitioners and physician assistants], consistent with the authority granted to the physician by the North Carolina Medical Board);
- restricted to performing within the scope of practice as defined by the North Carolina Medical Board pursuant to G.S. 143-514 for the individual’s level of credential; and
- restricted to performing under protocols/policies/standing orders in place within the practice setting.

EMS personnel work in teams with physicians, nurses, and other healthcare personnel in alternative practice settings. Responsibility for supervision of EMS personnel is determined by delegation protocols and policies.

RN scope of practice is delineated in G.S. 171.20 (7) and in Rule 21 NCAC 36 .0224. The nurse remains responsible and accountable at all times for all aspects of nursing care of assigned clients when collaborating within an interdisciplinary team. This includes comprehensive assessment; development and revision of the plan of care appropriate to the client's needs; implementation of appropriate interventions including delegation of nursing activities to competent individuals; continuous evaluation and reassessment of the effectiveness of nursing care and medical interventions; supervision of nursing care delivery; and teaching and counseling clients. Nursing management and administration are responsible for assuring that appropriate collaborative system processes and guidelines are in place to assure coordinated care focused on patient safety and well-being.

Specific questions about EMS responsibilities should be addressed to the NC Office of Emergency Medical Services at [www.ncems.org](http://www.ncems.org) or at 919-855-3935.

Specific questions about nursing responsibilities should be addressed to the NC Board of Nursing at [www.ncbon.com](http://www.ncbon.com) or at 919-782-3211.

**Agenda M21**  
**Submission for Permanent Rule**  
**21 NCAC 36 .0405**  
**Approval of Nurse Aide II Education Courses**  
**January 2020**  
**Meeting**

---

**ISSUE:** 21 NCAC 36. 0405 APPROVAL OF NURSE AIDE II EDUCATION COURSES needs to be amended to include the Career and College Promise NAII provisions.

**BACKGROUND:** The Community College System and the North Carolina Board of Nursing have collaboratively allowed the nurse aide II course to be offered in the Career and College Promise track in high schools. In order to do this, exceptions to the admission requirements for the NAII course were necessary, but there is no provision in the administrative code for these exceptions to be made. In order to continue the nurse aide II course in the career and college promise track, and thus allow high school students to avail themselves of this opportunity, the Board of Nursing is amending 21 NCAC 36. 0405 to provide authority to make the necessary exceptions.

**EVIDENCE/BEST PRACTICES:** Currently there are 24 nurse aide II programs in the Career and College Promise track offered to North Carolina high school students. According to the North Carolina Community College data for the 2018-2019 academic year, 17 community colleges offered the NAII course through this tract with a total enrollment of 231.

On October 2, 2019, Board members received a mail referendum with proposed amendments to 21 NCAC 36 .0405. On October 3, 2019 100% response rate was received to approve revisions and direct staff to proceed with the rulemaking process. The Rule was published in the *NC Register* on November 1st. A Public Hearing was held on December 5, 2019. The comment period for the Rule ended on December 31, 2019. No comments were received regarding this Rule.

**RECOMMENDATION:** That the Board approve proposed amendments to 21 NCAC 36. 0405 and direct the staff to proceed with the rulemaking process.

**21 NCAC 36 .0405 APPROVAL OF NURSE AIDE EDUCATION COURSES**

- (a) The Board shall accept nurse aide I courses that are approved by DHSR.
- (b) The Board shall approve nurse aide II courses. Nurse aide II courses may be offered by a State-licensed individual, agency, or educational institution after the course is approved by the Board.

- (1) Each entity desiring to offer a nurse aide II course shall submit a course approval application 60 days prior to offering the course. It shall include documentation of the following standards:

- (A) the students shall be taught and supervised by qualified faculty as defined in Subparagraph (b)(3) of this Rule;
- (B) the clinical-experience faculty to student ratio shall not exceed 1:10;
- (C) the selection and utilization of clinical facilities shall support the course curriculum as outlined in Subparagraph (b)(2) of this Rule;
- (D) a written contract shall exist between the course provider and clinical facility prior to student clinical experience in the facility;
- (E) admission requirements for all programs except those offered as career and college promise tract programs shall include:
- (i) successful completion of nurse aide I training course or DHSR-established equivalent and current nurse aide I listing on DHSR Registry;
- (ii) High School or High School Equivalency diploma; and
- (iii) other admission requirements as identified by the course provider; and

- (F) Admission requirements for all career and college promise tract programs shall include:

- (i) successful completion of a nurse aide I course or DHSR-established equivalent;
- (ii) active nurse aide I listing on DHSR Registry after the first attempt to pass nurse aide I test and within no more than five calendar days from enrollment in the NAII course;

(iii) expected High School diploma or High School Equivalency diploma not more than three months from completion of the nurse aide II course;

(iv) other admission requirements as identified by the course provider; and

~~(F)~~~~(G)~~ a procedure for timely processing and disposition of course and student complaints shall be established.

- (2) Nurse aide II courses shall include a minimum of 80 hours of theory and 80 hours of clinical instruction, supervised by a Board-approved registered nurse faculty, consistent with the nurse aide II curriculum as defined by the Board in Rule .0403(b) of this Section. Changes made by the Board in the nurse aide II course shall be published in the Bulletin and posted on the Board's website at [www.ncbon.com](http://www.ncbon.com). A nurse aide II education course shall not use simulation as a substitute for the required 80 hours of clinical experience. Competency validation of up to three required nurse aide II skills shall be permitted in the simulated laboratory environment if validation of such skills is not available in the clinical experience site.
- (3) Minimum competency and qualifications for faculty for the nurse aide II courses shall include:
  - (A) an active unencumbered license to practice as a registered nurse in North Carolina;
  - (B) at least two years of direct patient care experiences as a registered nurse; and
  - (C) experience teaching adult learners.
- (4) Each nurse aide II course shall furnish the Board with records, data, and reports requested by the Board that provide information concerning the operation of the course and all individuals who attended the course within the past five years.
- (5) When an approved nurse aide II course closes, the Board shall be notified in writing by the course. The Board shall be informed as to the permanent storage of student records.

- (6) A Board-approved nurse aide II course that will provide nurse aide II competency evaluation shall obtain Board approval prior to offering competency evaluation.
  - (A) Board-approved nurse aide II course shall be in full approval status for at least one year prior to submitting an application to provide nurse aide II competency evaluation; and
  - (B) full approval course status shall be maintained to provide nurse aide II competency evaluation.

(c) An annual course report shall be submitted by the course director to the Board in a Board-approved format by March 31 of each year. Failure to submit an annual report shall result in administrative action affecting approval status as described in Paragraphs (e) and (f) of this Rule.

(d) Complaints regarding nurse aide II courses shall result in an on-site survey by the Board if necessary to resolve the complaint.

(e) Approval status shall be determined by the Board using the annual course report, survey report, and other data submitted by the program, agencies, or students. The determination shall result in full approval or approval with stipulations.

(f) If stipulations have not been met as specified by the Board, a hearing shall be held by the Board regarding course approval status. A course may continue to operate while awaiting the hearing before the Board; however, in the case of summary suspension of approval as authorized by G.S. 150B-3(c), the course shall immediately cease operation.

- (1) When a hearing is scheduled, the Board shall cause notice to be served on the course and shall specify a date for the hearing, to be held not less than 20 days from the date on which notice is given.
- (2) If evidence presented at hearing shows that the course is complying with all federal and State law, including the rules in this Section, the Board shall assign the course full approval status.
- (3) If evidence presented at hearing shows that the course is not complying with all federal and State law, including the rules in this Section, the Board shall withdraw approval.
  - (A) This action shall constitute discontinuance of the course.

- (B) The parent institution shall present a plan to the Board for transfer of students to approved courses or shall fully refund tuition paid by the student. Closure shall take place after the transfer of students to approved courses within a time frame established by the Board.
- (C) The parent institution shall notify the Board of the arrangements for storage of permanent records.

**RECOMMENDATION:** Staff recommends that the Board approve the proposed amendments to Rules as presented above and direct staff to proceed with the rulemaking process.

**21 NCAC 36 .0226 NURSE ANESTHESIA PRACTICE**

(a) To be eligible for recognition as a nurse anesthetist, a nurse shall:

- (1) have an active unencumbered license to practice as a registered nurse in North Carolina or privilege to practice pursuant to licensure in a compact state and, when applicable, an active unencumbered recognition, approval, registration or license as a nurse anesthetist in another state, territory, or possession of the United States;
- (2) submit a completed application for recognition, attesting under oath or affirmation that the information on the application is true and complete and authorizing the release to the Board of all information pertaining to the application. Application for Examination is posted on the Board's website at [www.ncbon.com](http://www.ncbon.com);
- (3) have successfully completed a nurse anesthetist education program accredited by the National Board of Certification and Recertification for Nurse Anesthetists (NBCRNA);
- (4) be credentialed as a certified registered nurse anesthetist by the NBCRNA;
- (5) supply additional information necessary to evaluate the application as requested.

In the event any of the above required information indicates a concern about the applicant's qualifications, an applicant may be required to appear in person for an interview with the Board if the Board determines in its discretion that more information is needed to evaluate the application.

(a) Only a registered nurse who completes a program accredited by the Council on Accreditation of Nurse Anesthesia Educational Programs, is credentialed as a certified registered nurse anesthetist by the ~~Council on Certification of Nurse Anesthetists,~~ National Board of Certification and Recertification for Nurse Anesthetists (NBCRNA), and who maintains recertification through the ~~Council on Certification of Nurse Anesthetists,~~ NBCRNA, shall perform nurse anesthesia activities in collaboration with a physician, dentist, podiatrist, or other lawfully qualified health care provider. A certified registered

nurse anesthetist shall not prescribe a medical treatment regimen or make a medical ~~diagnosis except under the supervision of a licensed physician.~~ diagnosis.

(b) For the purpose of this Rule, collaboration means a process by which the certified registered nurse anesthetist works with one or more qualified health care providers, each contributing his or her respective area of expertise consistent with the appropriate occupational licensure laws of the State and according to the established policies, procedures, practices, and channels of communication that lend support to nurse anesthesia services and that define the roles and responsibilities of the qualified certified registered nurse anesthetist within the practice setting. The individual certified registered nurse anesthetist shall be accountable for the outcome of his or her actions.

(c) Nurse Anesthesia activities and responsibilities that the ~~appropriately qualified~~ certified registered nurse anesthetist may safely accept shall depend upon the individual's knowledge, skills, and other variables in each practice setting as outlined in 21 NCAC 36 .0224(a), including:

- (1) Preanesthesia preparation and evaluation of the client, including:
  - (A) performing a pre-operative health assessment;
  - (B) recommending, requesting, and evaluating pertinent diagnostic studies; and
  - (C) selecting and administering preanesthetic medications.
- (2) Anesthesia induction, maintenance, and emergence of the client to include:
  - (A) securing, preparing, and providing safety checks on all equipment, monitors, supplies, and pharmaceutical agents used for the administration of anesthesia;
  - (B) selecting, implementing, and managing general anesthesia; monitored anesthesia care; and regional anesthesia modalities, including administering anesthetic and related pharmaceutical agents, consistent with the client's needs and procedural requirements;
  - (C) performing tracheal intubation, extubation, and providing mechanical ventilation;

- (D) providing perianesthetic invasive and non-invasive monitoring, recognizing abnormal findings, implementing corrective action, and requesting consultation with appropriately qualified health care providers as necessary;
  - (E) managing the client's fluid, blood, electrolyte, and acid-base balance; and
  - (F) evaluating the client's response during emergence from anesthesia and implementing pharmaceutical and supportive treatment to ensure the adequacy of client recovery from anesthesia.
- (3) Postanesthesia Care of the client, including:
- (A) providing postanesthesia follow-up care, including evaluating the client's response to anesthesia, recognizing potential anesthetic complications, implementing corrective actions, and requesting consultation with appropriately qualified health care professionals as necessary;
  - (B) initiating and administering respiratory support to ensure adequate ventilation and oxygenation in the immediate postanesthesia period;
  - (C) initiating and administering pharmacological or fluid support **of the cardiovascular system** during the **immediate** postanesthesia period;
  - (D) documenting all aspects of nurse anesthesia care and reporting the client's status, perianesthetic course, and anticipated problems to an appropriately qualified postanesthetic health care provider who assumes the client's care following anesthesia, consistent with 21 NCAC 36 .0224(f); and
  - (E) releasing clients from the postanesthesia care or surgical setting in compliance with established agency policy.
- (d) Other clinical activities for which the **qualified certified** registered nurse anesthetist may accept responsibility shall include:
- (1) inserting central vascular access catheters and epidural catheters;
  - (2) identifying, responding to, and managing emergency situations, including initiating and participating in cardiopulmonary resuscitation;

- (3) providing consultation related to respiratory and ventilatory care and implementing such care according to established policies within the practice setting; and
- (4) initiating and managing pain relief therapy using pharmaceutical agents, regional anesthetic techniques, and other accepted pain relief modalities according to established policies and protocols within the practice setting.

**21 NCAC 36 .0815 REPORTING CRITERIA**

(a) The Department of Health and Human Services ("Department") may report to the North Carolina Board of Nursing ("Board") information regarding the prescribing practices of those nurse practitioners ("prescribers") whose prescribing:

- (1) falls within the top two percent of those prescribing 100 morphine milligram equivalents ("MME") per patient per day; or
- (2) falls within the top two percent of those prescribing 100 MMEs per patient per day in combination with any benzodiazepine and who are within the top one percent of all controlled substance prescribers by volume.

(b) In addition, the Department may report to the Board information regarding prescribers who have had two or more patient deaths in the preceding 12 months due to opioid poisoning where the prescribers authorized more than 30 tablets of an opioid to the decedent and the prescriptions were written within 60 days of the patient deaths.

(c) In addition, the Department may report to the Board information regarding prescribers who meet three or more of the following criteria, if there are a minimum of five patients for each criterion:

- (1) at least 25 percent of the prescriber's patients receiving opioids reside 100 miles or greater from the prescriber's practice location;
- (2) the prescriber had more than 25 percent of patients receiving the same opioids and benzodiazepine combination;
- (3) the prescriber had 75 percent of patients receiving opioids self-pay for the prescriptions;
- (4) the prescriber had 90 percent or more of patients in a three-month period that received an opioid prescription that overlapped with another opioid prescription for at least one week;
- (5) More than 50 percent of the prescriber's patients received opioid doses of 100 MME or greater per day excluding office-based treatment medications;  
and
- (6) the prescriber had at least 25 percent of patients who used three or more pharmacies within a three-month period to obtain opioids regardless of the prescriber.

(d) In addition, the Department may report to the Board information regarding prescribers who authorize a prescription for opioids to at least one patient where the prescribing meets the following criteria:

- (1) The prescription is for 100 MME or greater;
- (2) The prescription is for 30 or more days;
- (3) The patient has not received a prescription for an opioid from any prescriber in the six months prior to the prescription in question as demonstrated in the North Carolina Controlled Substances Reporting System at the time the prescription was authorized and as reported by the patient.

(e) The Department may submit these reports to the Board upon request and may include the information described in G.S. 90-113.73(b).

(f) The reports and communications between the Department and the Board shall remain confidential pursuant to G.S. 90-113.74.

**Agenda M23**  
**Proposed Adoption of Rules**  
**January 2020**  
**Meeting**

---

**ISSUE:** Proposed Adoption of Rules

**BACKGROUND:** In 2019, the Board received requests for both a Declaratory Ruling and a Petition for Rulemaking. Board staff reviewed G.S. 150-B Administrative Procedure Act and determined rules needed to be promulgated regarding how the Board handles requests for both Declaratory Rulings and Petitions for Rulemaking.

**RECOMMENDATION:** That the Board approve adoption of Petitions for Declaratory Ruling and Petitioning for Rulemaking and direct staff to proceed with the rulemaking process.

---

**21 NCAC 36. \_\_\_\_\_ PETITIONS FOR DECLARATORY RULINGS**

(a) All requests for declaratory rulings shall be written and mailed to the Board at Post Office Box 2129, Raleigh, NC 27602-2129. The envelope containing the request shall bear the notation: "REQUEST FOR DECLARATORY RULING."

(b) Each Request for Declaratory Ruling shall include the following information:

- (1) the name and address of the person requesting the ruling;
- (2) the statute or rule to which the request relates;
- (3) a concise statement of the manner in which the requesting person is affected by the statute or rule or its potential application to that person;
- (4) a statement whether an oral hearing is desired and, if so, the reason.

(c) Upon receipt of a Request for Declaratory Ruling, the Board shall determine whether a ruling is appropriate under the facts stated.

(d) When the Board determines that the issuance of a declaratory ruling is inappropriate, the Board shall notify, in writing, the person requesting the ruling, stating the reasons for the denial of the request.

(e) The Board shall decline to issue a declaratory ruling where:

- (1) there has been a similar controlling factual determination made by the Board in a contested case;
- (2) the rule-making record shows that the factual issues raised by the request were specifically considered prior to adoption of the rule;
- (3) the subject-matter of the request is involved in pending litigation in any state or federal court in North Carolina; or
- (4) the petitioner fails to show that the circumstances are so changed since the adoption of the statute or rule that a ruling is warranted.

*Authority 150B*

21 NCAC 36. \_\_\_\_\_ PETITIONING FOR RULEMAKING

(a) Any person wishing to submit a petition to the Board requesting the adoption, amendment or repeal of a rule shall file the petition with the Board's chief executive officer.

(b) The petition shall contain the following information:

- (1) a proposed draft of the rule to be adopted or amended or a citation to the rule to be repealed;
- (2) a statement of the reason for the proposal, including statutory authority;
- (3) effect of the proposed rule change on the practice of nursing;
- (4) any data supporting the proposal including cost factors; and
- (5) name, address and telephone number of each petitioner.

(c) The Board will determine whether the public interest would be served by the adoption, amendment or repeal of the requested rule. Prior to making this determination, the Board may:

- (1) Request additional information from the petitioner;
- (2) Contact interested persons or those likely to be affected by the proposed rule and request comments; and
- (3) It may use any other appropriate method for obtaining information on which to base its determination. It will consider all the contents of the petition submitted plus any other information obtained by the means described herein.

(d) The Board shall act on a petition within the timeframe outlined in G.S. 150B-20.
