On October 10, 2024, Session Law 2024-51 – The Disaster Recovery Act of 2024 extended the State of Emergency until March 1, 2025.

On March 19, 2025, Session Law 2025-2, The Disaster Recovery Act of 2025- Part I, extended the State of Emergency until June 30, 2025.

The Board of Nursing and the Board of Medicine are granted authority under N.C. Gen. Stat. § 90-171.49 and N.C. Gen. Stat. § 90-12.5 respectively to take this action in order to permit the provision of emergency health services to the public for the benefit and protection of the people of North Carolina. The Nurse Practitioner Joint Subcommittee (the “Committee”) is composed of members of both the Board and Nursing and Board of Medicine pursuant to the authority under N.C. Gen. Stat. § 90-171.23(b)(14) and N.C. Gen. Stat. § 90-8.2. The Committee regulates the practice of Nurse Practitioners in accordance with N.C. Gen. Stat. § 90-18.2. Pursuant to the authority granted to the Committee under Executive Order 318 (2024), the Committee hereby waives the following:

Emergency Temporary Reinstatement of Nurse Practitioner Approval to Practice

21 NCAC 36 .0808. Inactive Status

- (a) Any nurse practitioner who wishes to place her or his approval to practice on an inactive status shall notify the Board in writing.
- (b) A nurse practitioner with an inactive approval to practice status shall not practice as a nurse practitioner.
- (c) A nurse practitioner with an inactive approval to practice status who reapplies for approval to practice shall meet the qualifications for approval to practice in Rules .0803(a)(1), .0804(a) and (b), .0807, and .0810 of this Section and receive notification from the Board of approval prior to beginning practice after the application is approved.
- (d) A nurse practitioner who has not practiced as a nurse practitioner in more than two years shall complete a nurse practitioner refresher course approved by the Board in accordance with Paragraphs (o) and (p) of 21 NCAC 36 .0220 and consisting of common conditions and management of these conditions directly related to the nurse practitioner's area of academic education and national certification. A nurse

practitioner refresher course participant shall be granted an approval to practice that is limited to clinical activities required by the refresher course.

Waive the provisions of .0808(c) and (d) so that a nurse practitioner may apply for an approval to practice without a supervising physician in the above-named counties during the declared state of emergency. The refresher program is waived for Nurse Practitioners out of practice for less than 5 years. All other provisions and requirements shall apply. This waiver applies to those applicants holding an inactive approval to practice who have maintained their current, national certification as a nurse practitioner. Applicants must also hold an active, unencumbered Registered Nurse license to be eligible. Applicants with approvals to practice surrendered or suspended due to disciplinary action will not be considered. The emergency approval is temporary and shall expire on June 30, 2025, unless the waiver provisions are sooner amended, or rescinded by the Committee or further Executive Order.

This waiver does not waive other statutory requirements or limitations. This waiver is effective as of the date below and shall remain in full force and effect until June 30, 2025, or unless sooner amended, or rescinded by the Committee or further Executive Order.

This, the 25th day of March 2025.
