We encourage you to share this pertinent information with your faculty.

## Education Program Director Orientation

The Education Program Director Orientation (EPDO) is offered to all newly board approved program directors. This one day session will provide the resources to assist with the day-to-day function necessary for program directors.

Personal invitations will be sent via email and will include registration information. The orientation will be held in the board room at NCBON and lunch will be provided.

# NCLEX® Practice Exam

NCSBN has developed an NCLEX® Practice Exam designed to provide the look and feel of the NCLEX exam candidates will take on their test day. The NCLEX practice exam includes actual test questions from previous NCLEX exams and is presented in a similar format as the NCLEX.

- French version for the NCLEX-RN

## What does the NCLEX Practice Exam include?

- Two separate exams with 125 questions on each exam;
- Six continuous hours to take each RN practice exam;
- Five continuous hours to take each PN practice exam;
- A tutorial to demonstrate the different question types;
- A score report with the percentage of questions answered correctly; and
- A computerized adaptive testing (CAT) experience similar to the NCLEX.
