## North Carolina Board of Nursing 16th Annual Education Summit

The 16th Annual Education Summit will be held April 1, 2019 at the Friday Center in Chapel Hill. To access registration information [click here](#). The Education Summit provides an education activity to nursing program directors and faculty. Upon completion of the 16th Annual Education Summit, the participant will demonstrate knowledge related to current trends and future directions for interprofessional education, informatics, and the impact of the Opioid crisis.

Winter 2019

## Education Program Director Orientation

The Education Program Director Orientation (EPDO) for board approved program directors will be held on September 11, 2019. The EPDO is now offered twice a year, in February and September. This education offering will provide new program directors with information on the NCBON functions and will assist in maintaining compliance with North Carolina regulation relating to nursing education programs. Contact us at [education@ncbon.com](mailto:education@ncbon.com) or (919) 782-3211, ext. 238 for registration information.

## Out-of-State Students

All out-of-state pre-licensure nursing students must have NC clinical experiences approved by the NCBON. The chief nursing administrator of a NC clinical facility should request the clinical experience at least 30 days prior to the start of the requested experience. The NCBON requires the following documents to approve out-of-state pre-licensure nursing students to use a NC clinical facility:

1. A letter of request for approval to provide the clinical offering with the start and completion dates;
2. Documentation that the nursing program is currently approved by the Board of Nursing in the state which the institution is located;
3. The name, qualifications, and evidence of an active, unencumbered RN licensure of faculty responsible for coordinating the students' experience; and
4. The name, qualifications and evidence of active, unencumbered licensure to practice as a RN in NC for the preceptor(s) or on-site faculty.

Once the NCBON approves the clinical experience, copies of the following will be distributed by the chief nursing administrator of the clinical facility to all students and faculty involved in the clinical experiences:

- \*NC Nursing Practice Act;
- \*NC Administrative Rules related to the role and practice of the RN, LPN, and UAPs; and
- \*NCBON developed Suggestions for Utilization of Preceptors.

All documents can be sent electronically to [education@ncbon.com](mailto:education@ncbon.com).

## NCSBN Upholds NCLEX-RN Examination Passing Standard

Select the following web link to read about the NCSBN Board of Directors vote on December 4, 2018 concerning the NCLEX-RN Examination Passing Standard: [A Message from NCSBN](#)

## Law and Rules Corner

Board notification must occur from the approved nursing program concerning changes in the program director.

### **21 NCAC 36 .0323 Records and Reports**

(f) The nursing program shall file with the Board records, data, and reports in order to furnish information concerning operation of the program as prescribed in the rules in this Section, including:

- (3) notification by institution administration of any change of the nursing program director. This notification shall include a curriculum vitae for the new director and shall be submitted no later than 10 business days before the effective date of the change.

## Law and Rules Corner

Effective January 1, 2019 the revised Administrative Code Rules are now posted.
